

SUSTAINABLE ENTREPRENEURSHIP DEVELOPMENT

FUTURE PERSPECTIVE

Kaspars Rožkalns
CEO of UPB Nams, Part of UPB Group

UPB GROUP

UPB is one of the leading industrial holdings in the Baltic States.

UPB is a Latvia-based general contractor, and is the largest of its kind. We specialize in the construction of technically complex modern buildings and Design & Build projects.

As an exporter, UPB provides specialized building frame and facade solutions, including engineering, production, logistics and installation.

The logo for UPB, consisting of the lowercase letters 'upb' in a white, italicized sans-serif font, is positioned in the bottom right corner of the image. The background of the entire image is a photograph of a modern building with a glass and dark metal facade, viewed from a low angle looking up. The sky is a pale, overcast blue.

PRODUCTS AND SERVICES

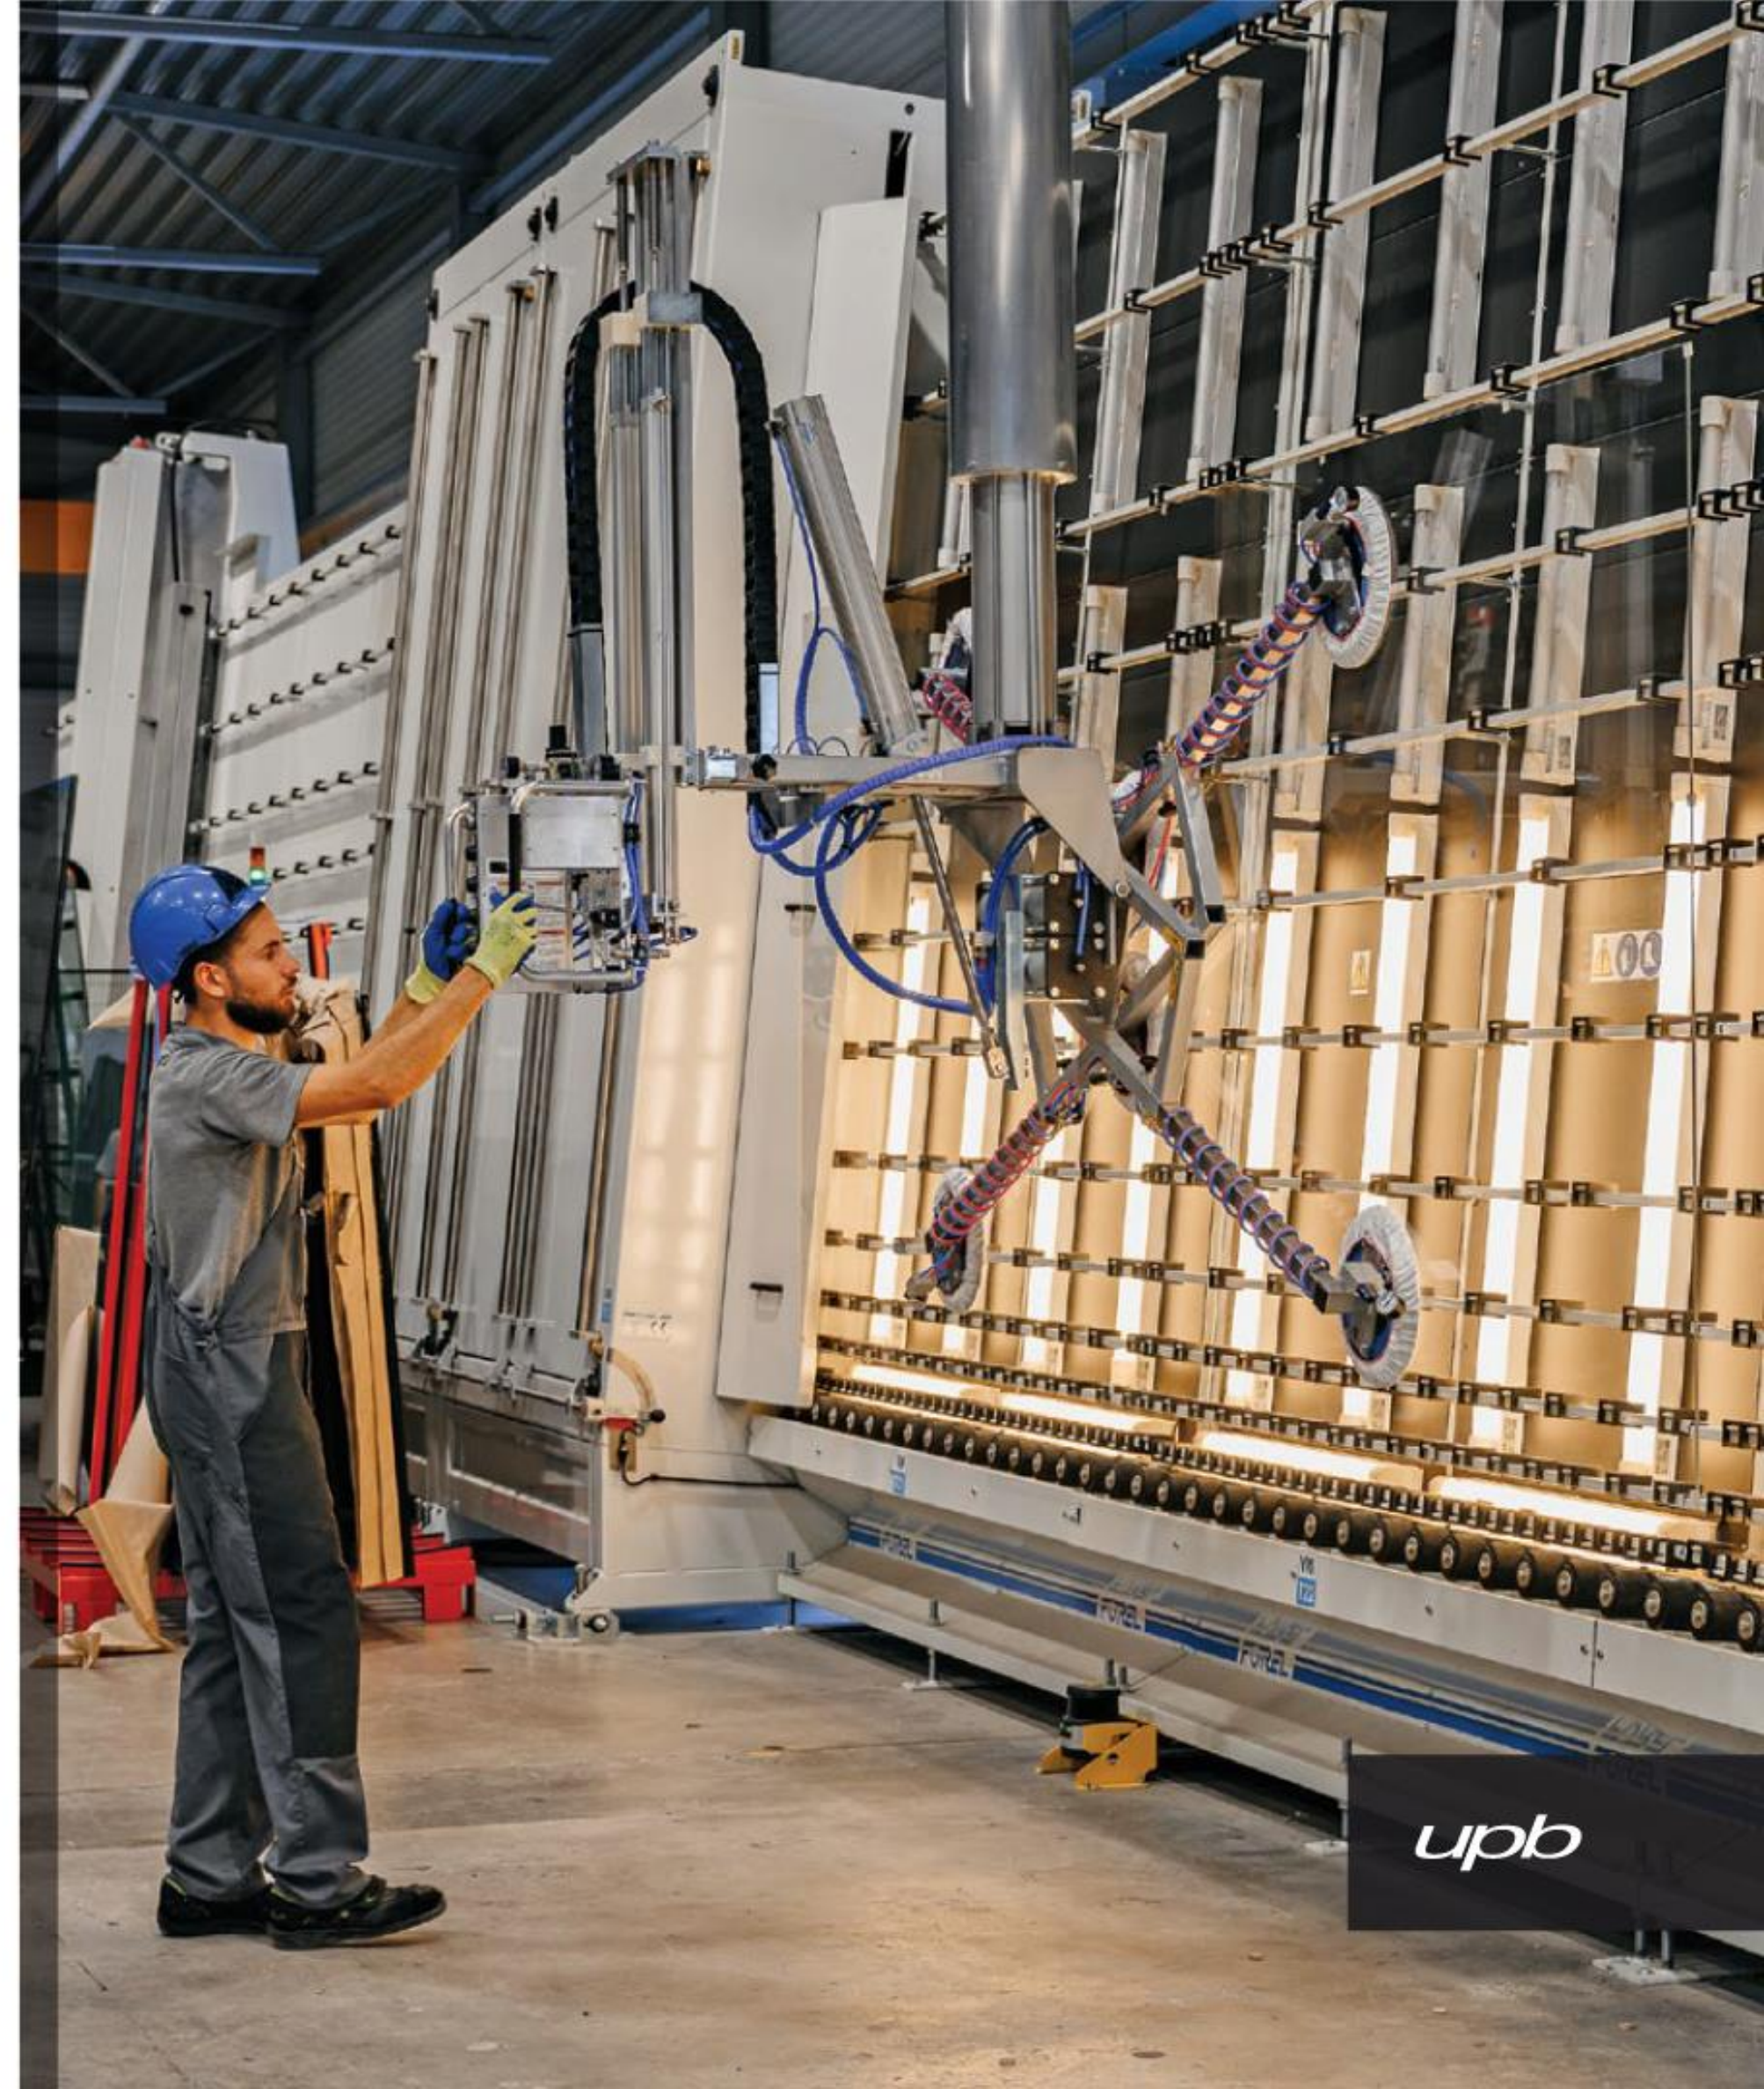

SUSTAINABLE AND RESPONSIBLE BUSINESS PRACTICES

UPB group companies are ISO certified in areas of Quality management (ISO 9001), Environmental Management (ISO 14001) and Occupational Health & Safety (ISO 45001).

UPB has been certified according to international quality standards since 2000, demonstrating that quality is a core part of our company culture.

In addition, they validate our commitment on ESG aspects and provide confidence that our products and services are created in ways that are sustainable, safe, and efficiently managed.

upb

SUSTAINABLE CONSTRUCTION

WE KNOW HOW TO REDUCE THE ENVIRONMENTAL IMPACT

For more than 10 years, UPB has worked with numerous, globally-recognized sustainability certification systems, leading to extensive expertise in sustainable and energy efficient construction.
